Eric,

Election integrity is the top priority for grassroots conservatives across the state, but the Arizona Legislature is stalling with passing important measures that would help restore confidence in the next election. Some of the most important bills that are waiting to receive a vote are:

- **SB1713** - voter ID for early voting
- **HB2792** - prohibits mailing early ballots to voters who did not request an early ballot
- **HB2794** - prohibits modifying a statutorily prescribed election date or deadline

One very important update is the Senate is expected to vote [today](#) on SB1485 which cleans up the early voting list. This is great news and the Legislature should vote on the other bills promptly.

[Email your legislators and House and Senate leadership](#) now to ensure that these bills get passed before the end of the session. There is no reason for the Legislature to drag out the top priority for activists any longer.
