An Open Letter of Thanks and Support To President Donald Trump

Dear President Trump,

We thank you for saving America from being destroyed forever by **Barack Obama, Hillary Rodham Clinton**, and their corrupt cronies.

- o **You got America's economy moving again** by cutting taxes and erasing almost all of Obama's anti-business regulations. THE RESULT: America's economy is growing much faster than under Obama and the unemployment rate has not been this low since 1969.
- o America actually now has more job openings than people seeking jobs for the first time ever.
- o The unemployment rate among black and Hispanic Americans is at its lowest level in history, and wages for the middle class are rising again.
- o You smashed **ISIS**. Under Obama, ISIS controlled much of the Middle East and was spreading fast. Today, ISIS controls NO TERRITORY. Most of their leaders are dead.
- o You ended Obama's disastrous Iran nuclear deal. Gone are the days of coddling radical Islamists.
- o Under Obama, the Middle East was in chaos, with ISIS and Islamic radicals taking over. Today, under your leadership, the Middle East is in a state of relative calm.
- o Despite total liberal opposition to having any border security at all for America, you are now enforcing America's immigration laws. You have also deported thousands of MS-13 gang members.
- o You have appointed two tremendous conservative Constitutionalists, Justices **Neil Gorsuch** and **Brett Kavanaugh**, to the Supreme Court . . . plus more than 150 conservative federal judges.
- o You have turned America into a net energy exporter by approving the Keystone and Dakota pipelines and opening up federal lands for oil and energy exploration.
- o You have negotiated or are negotiating new trade deals with Mexico, Canada, South Korea, and the European Union.
- o Instead of constantly attacking America's police as "racist" the way Obama did, for 8 years as President, you have strongly supported America's police and law enforcement. THE RESULT: Instead of increasing (as it was under Obama), violent crime in America has dropped under your leadership.

And there's so much more you've achieved. Best of all, you defeated **Hillary Clinton**, the Obama Political Machine, the dishonest "fake news" media, the radical Left, and the Deep State.

You did not need this job as President. You could have lived a very nice life as a multi-billionaire. But you saw that America was in deep trouble. So you risked everything to save America. We are grateful for your courage and will continue to fight alongside you to save this great nation.

Sincerely,

National Survey of 1,000,000 American Voters Concerning the Relentless Assault on President Trump by the Media and the Left

ABOUT THIS SURVEY: The Conservative Caucus (TCC) plans to deliver a report on the results of this survey to:

ISSUE SUMMARY: The assault on President Trump and his family by the media and the Left began even before he was sworn into office. Liberal leaders in Congress and the dishonest "fake news" partisan media have done everything in their power to undo the results of the 2016 Election, sabotage President Trump, and undermine his ability to do his job. They have repeatedly promised to Impeach him, put him and his family in prison. They have attacked his wife Melania, his 12-year-old son Barron, and even his grandchildren.

QUESTION #1: Do you think this treatment of President Trump by the media and the Left has overall been good for the country, or bad for the country?

- Bad Good Not Sure

QUESTION #2: When a candidate wins the Presidency, even if we did not vote for the winning candidate, do you think we should give our duly elected President a chance to do his job? Or do you think it's okay to try to sabotage America's President at every turn with total obstruction even on things we agree with?

- We should give our duly elected President a chance to do his job even if we did not vote for him.
 If the election does not go the way I want, I think it's okay to sabotage America's President at every turn, with no compromises ever, and total obstruction, even on things we agree on.
 Not Sure Other _____

BORDER SECURITY: The Left in Congress (led by **Nancy Pelosi** and **Chuck Schumer**) have done everything they possibly can to prevent President Trump from securing America's border. They seem to want millions of illegal immigrants flowing over our southern border because they see these millions of illegal immigrants as future liberal voters. Despite all their obstruction, President Trump (unlike Obama) has done everything he can to enforce America's immigration laws. The Trump Administration has also deported thousands of ultra-violent MS-13 gang members.

QUESTION #6: How do you rate President Trump's performance on trying to secure America's border and enforce America's immigration laws – despite endless obstruction by Democrats?

Excellent Good Fair Poor No Opinion

ISIS & Radical Islam: When President Obama left office, ISIS controlled an area in the Middle East the size of Indiana. In stark contrast, President Trump allowed his generals to do their job. WHAT'S AT STAKE: 2020 is a "tipping point" that will decide whether or not America survives as the "land of the free." A country with no borders is not a country, but this is what the Left wants. They want America to be overrun by a tidal wave of impoverished uneducated illegal immigrants from dysfunctional countries south of our border (also from the Middle East) so they can quickly turn America into a corrupt one-party socialist state, like Venezuela.

QUESTION #12: Will you send your best gift of support right now to help fund this campaign to educate tens of millions of Americans as to what is at stake in 2020, how radical today's liberal leaders have become, and why securing America's border is essential to America's survival?

No Yes
